MORE PLAY APPEAL!

ANYTHING BUT TRIVIAL!

HERE'S HOW IT PLAYS ... Players go solo against The TRIVIA WHIZTM or challenge each other, picking their own favorite categories.

Scores start at 10,000. Players bet 1/4, 1/2 or all their points on each question — IT'S EASY AND FAST!

Answers are chosen from 4 possible picks. As the questions get harder, scoring values increase. High scores can reach into the millions! As a kicker, the Quick-Answer Speed Bonus adds even more points to heighten competition. Additional bonus questions are earned for qualifying scores.

EVERYONE HAS FUN ... Even players who "bust" continue playing, but without scoring points. Big winners reaching the TRIVIA WHIZTM Masters Level key in their names for display.
